## OUR MAGAZINE

Established in 2007 Local Life is a free bi-monthly glossy magazine combining lifestyle with local interest. With a loyal and steadily increasing readership in East Lothian, the diverse content of our magazine attracts all walks of life.

We work with a team of writers who not only live locally, but have a strong local insight, enabling us to bring content for our readers on the people and places which make East Lothian so unique. A typical issue covers everything from fashion to health and beauty, home interiors to food and drink, local news and events to interviews with local people, making Local Life a must-read for both locals and visitors to the area. Our mix of specialist local knowledge and lifestyle content makes Local Life an effective platform for promoting your business's messages and reaching your key target audience on a regular basis throughout the year.

## OUR READER

The Local Life reader loves their local area and wants to support independent businesses wherever possible. They're interested in buying local produce and visiting local shops, bars, cafés, restaurants and venues.

They want to keep up with their local area but don't have time to endlessly scroll through social media. Concise editorial guidance is what they seek, and that's exactly what Local Life delivers. They trust Local Life to introduce them to the best things East Lothian has to offer, but keep coming back for the recognisable editorial tone, stylish design, and engaging content.
